- Prof. Ahmed Marhfor, University of Québec in Abitibi

Dear valued colleagues!

Instead of another year without a FRAP conference, or a virtual version of it, we have decided to create an outlet of the voices of our participants in an open access special issue of the 18th FRAP Perspectives in the

Our partners:

Dear friends and valued colleagues!

I cordially invite you to submit your manuscripts for the 18th FRAP - Special Edition in the ACRN Oxford Journal of Finance and Risk Perspectives.

Unfortunately, the ongoing pandemic will not allow us to meet physically in 2021 for the 18th FRAP conference, and I believe we are all weary and tired of virtual meetings and conferences as alternative. Nevertheless, we should make our voice heard, and continue on our mission to overcome the self-imposed paradigmatic boundaries and reflexive isomorphisms of the individual, typically rather narrow fields of Finance, Risk and Accounting. Thus, we will create an open access Special Issue on Finance, Risk and Accounting Perspectives together, and publish and distribute it worldwide among our more than 17.000 subscribers for a maximum impact and citation count. Your papers can be shorter or longer, conceptual or empirical but of course all will be double blind peer reviewed and need to follow the high standards of the ACRN JOFRP (Scopus, EBSCO, Cabell). To allow for a maximum participation we have reduced the processing fees for the whole 2021 to 80,- Euros per submission, with no additional costs for open access publication if accepted. I am looking forward to your manuscripts until 31st May and hope this is a good way to make our research insights count.

Yours,

Prof Othmar M Lehner

Honorary Director, ACRN Oxford Research Network
Director of the Hanken Centre for Accounting, Finance and Governance
Vice Dean for the QTEM Quantitative Techniques for Economics and Management
Associate Professor in Accounting, Hanken School of Economics, Finland
Full Professor in Finance (fractional), Middlesex University of London, UK
