[www.orangerie-steyr.at](http://www.orangerie-steyr.at)

The restaurant “Orangerie” is well-known for its delicious cuisine and hospitality. Moreover, you will be able to taste some typical Austrian dishes while networking with the other participants. Price is included in the conference fee, for additional company it is 50 Euros (all including table drinks)

### Tuesday 20<sup>th</sup> October Social Program

#### Walk in the Morning: Guided City Tour Steyr

Meet at the main city square (fountain) at 09:00

The walk will start at main city square and lead us to the beautiful historic city centre. You will not only see some of Steyr’s famous sights but learn more about the history of these places. Today, Steyr is a model example of harmonious coexistence between an old town centre and a modern industrial site, making it one of Austria's most fascinating towns.

**Company visit to BMW Motors Steyr in the evening and reception  
(only if pre-booked, voucher is necessary)**

Meet at the Campus of the FH Steyr at 18:15 sharp for bus transfer

Address: BMW Motoren GmbH  
Hinterbergerstraße 2  
A-4400 Steyr

The BMW factory in Steyr develops and produces the compression ignition engines that are then assembled in the cars. This headquarter is not only a leader in design and development but protects the environment and is engaged in the field of sustainability. During your stay in Steyr you will have the unique opportunity to take a look „behind the scenes“ on a guided tour through the factory. Subsequent to the tour you are invited to have food and beverages in the company’s own canteen.

Afterwards no official plans, but typically participants go out and have a few drinks together in the old town Steyr.

*We are looking forward to hosting you at this annual event and wish you a safe journey!*
